Career Objective

Seasoned technology leader and strategic business enabler with over a decade of experience in software architecture, product development, and tech-led business transformation. I am now seeking a Project Manager role where I can leverage my expertise in cross-functional leadership, agile project delivery, and AI-powered innovation to lead impactful projects that align with business goals, drive customer value, and fuel sustainable growth.

Professional Summary

- 10+ years of progressive experience in software development, product lifecycle management, and strategic leadership in IT services.
- Proven ability to lead digital transformation initiatives and complex technical projects, with a focus on AI, Blockchain, ERP, and CRM solutions.
- Adept at delivering business-centric and scalable technology solutions across FinTech, E-commerce, and enterprise sectors.
- Strong expertise in aligning technology with business objectives, fostering cross-functional collaboration, and mentoring high-performance teams.
- Certified in Project Management Fundamentals with a focus on Agile methodologies and continuous improvement.
- Exposure in overseas software projects and Product Development/Implementation.
- Capable of undertaking responsible and challenging projects

Core Competencies

- | | |
|------------------------------------|--|
| ● Project Lifecycle Management | ● Risk Management & QA Oversight |
| ● Agile & Scrum Frameworks | ● Digital Strategy & Consulting |
| ● AI & Blockchain Integration | ● Technical Architecture Design |
| ● ERP & CRM Implementation | ● Stakeholder & Client Engagement |
| ● Business Process Optimization | ● Tools: JIRA, Trello, Confluence, Git |
| ● Cross-functional Team Leadership | ● Payment Gateway Solutions |

Professional Experience
